

No One is Too Young to Start Learning

Written by F. Justin Ossmann

Achievements Learning Center is a pre-elementary school educational establishment serving the North Port and Charlotte County areas. A non-profit Florida Gold Seal, nationally-accredited institution, children as young as 8 weeks learn under a curriculum that combines playful interaction and hand-on activities with math, science and literacy education, and with physical fitness. The Center is overseen by a group of quality teachers—every staff member holds at least a Child Development Associates Degree (CDA) or a college degree in early childhood education. Additionally, all staff members are CPR and First Aid certified. Achievements is an Accredited Professional Preschool Learning Environment (APPLE), and is licensed and regulated by the Department of Children and Families and the Environmental Health Department.

Research shows that high-quality early learning experiences can help children develop basic knowledge, understanding and interest that will carry over into elementary school and beyond. Priming children at an early age to become successful learners, readers and writers is an important part of building a strong foundation for future educational success. Just as no one is ever too old to learn something new, no one is too young to start learning.

Achievements Learning Center is located at 2600 Bobcat Village Center Road. Achievements is open Monday through Friday, 7:30 AM to 5:30 PM. Part-time and full-time programs are both available. For more information, please contact Achievements at (941) 423-8844 or visit www.achievementslearningcenter.org.

Miss Hollie – “What I enjoy most about working at Achievements is seeing a child grow. You can be having a bad day and then when a child comes and hugs you, it makes you stop and think...” This job is priceless.” You know at the end of the day you have helped change the future one child at a time.”

Miss Jessica – “I really adore many things about Achievements. I love how welcoming the parents are to new staff members, the friendships to build upon for a lifetime, the amount of respect from the directors to their staff. Most of all the children. I would not be here if it was not for them!! Believe it or not, the children teach me something new everyday.”

Miss Deb – “What I enjoy the most about working at Achievements is the atmosphere, the cleanliness, the directors, and the children. Achievements is such a great and fun place to learn and work. We are an awesome team and we strive to be the best for all of the children.”

Nuha J. – “I like to come to school and learn and play with all of my friends!”

MaKayla S. – “I love playing with the ponies in our classroom and learning how to read.”

Jaylen M. – “I love to do fun things on the playground and I love when my teacher reads to me.”

MaryKate C. – “I love Achievements because I love to paint and color and learn my letters and their sounds.”

Virginia E. – “What I like best about sending my kids to Achievements is their professionalism and consistency with the children and families. The staff is very positive and they really know what they’re doing!”

Heidi S. – “What I like best about sending my son to Achievements is that he is very prepared for kindergarten. He has made so many friends, developed more self confidence, and is eager to begin elementary school. I know when I leave my son each day; I do not have to worry about how well he is being taken care of!”

Kristin C. – “What I like best about Achievements is the curriculum for the children. I also enjoy how the administration staff is involved in the community. The staff is extremely compassionate towards the children and friendly towards the parents. I am happy knowing my son will be fully prepared for kindergarten.”
